Specification Available and Flexible Delivery Time

- 10 µg, 100 µg, 200µg, 500 µg, 1 mg, Bulk
- Lead time: 1-2 weeks (in stock)
- Lead time: 4-6 weeks (Bulk)

High Standards for Quality Control

Standard QCs

• Purity

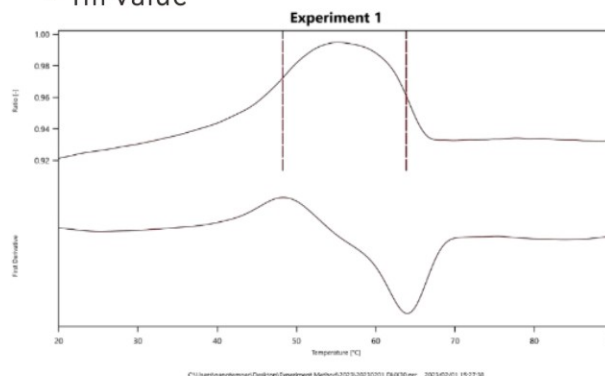

Lane M: Marker

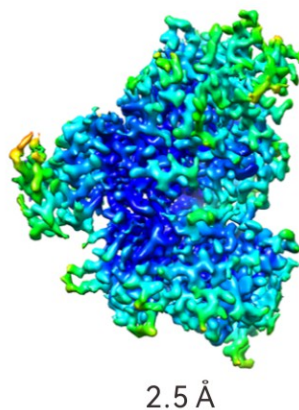

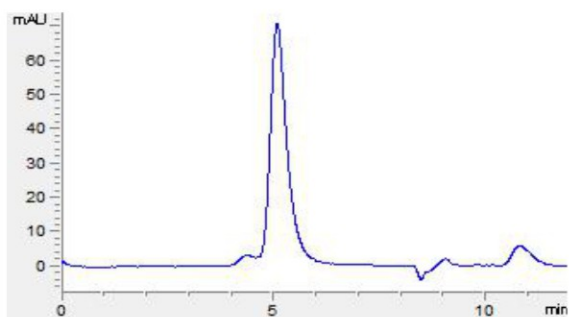

Lane 1: 2 μ g, reduced

Lane 2: 2 μ g, non-reduced

• Tm Value

• Oligomeric state determination

DCAF16/DDB1
(BP7872D-01A)

Additional QCs

- SEC-MALS: oligomeric state determination and solubility check
- Negative staining: oligomeric state determination and homogeneity check
- Mass photometry: oligomeric state determination and homogeneity check
